

Works Notice

October 2021

Construction update Yeronga station

During September 2021, UNITY Alliance successfully reconfigured the temporary pedestrian overpass to allow construction on platform 2 to progress. During October 2021, Cowper Street at Fairfield Road will close for approximately six months to enable construction of the new pedestrian overpass over Fairfield Road, connecting to the upgraded Yeronga station.

Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Saturday, during October 2021, weather and construction conditions permitting:

- Commence construction of the new lift shaft and pedestrian overpass vertical structures on the corner of Cowper Street and Fairfield Road, with earthworks and piling for foundation works
- Continue retaining wall construction for station platforms
- Commence installation of structural steel on platforms 1, 2 and 3
- Continue piling on platforms 1 and 2 for foundation works, and installation of platform concrete
- Track and maintenance work between Yeronga and Fairfield stations.

Work is progressing well at Yeronga station with work focused on reopening the station. A separate notification will be distributed prior to the station reopening to services.

Out of hours work

The following activities will occur outside the project's normal working hours, as outlined below:

Location	Date and hours of work	Type of work
Fairfield Road, Yeronga and Yeronga station	Between 7:00pm and 5:00am intermittently during October 2021	<ul style="list-style-type: none"> • Installation of concrete traffic barriers, traffic signage, and line marking near Cowper Street (see map overleaf) • Access to the rail corridor via Fairfield Road for the delivery and removal of materials • Excavation of pile caps adjacent to rail • Installation of station platform retaining walls.
Yeronga station	Between 7:00am and 4:00pm Sundays during October 2021	<ul style="list-style-type: none"> • Access to the rail corridor via Fairfield Road for the delivery and removal of materials • Excavation of pile caps adjacent to rail • Steel reinforcement delivery for station structures.
Yeronga station	Between 2:00am Saturday 9 and 2:00am Monday 11 October 2021	<ul style="list-style-type: none"> • Earthworks within the rail corridor • Installation of station platform structural steel, form work, and concrete pouring • Track work and maintenance.

Cross River Rail won't just transform Brisbane, it will transform the way we travel across South East Queensland. But building Cross River Rail means changes to travel and transport services during construction. Plan your journey by downloading the MyTransLink app, visit translink.com.au or call 13 12 30.

Temporary traffic change – Fairfield Road intermittently during night works in October 2021

What to expect

During these works you may notice some intermittent disruptions such as:

- Temporary closure of Cowper Street at Fairfield Road until early 2022 (refer to map above). Access to Cowper Street will be maintained via Shottery Street. Traffic control and local road diversions will be in place. Please observe signage and traffic control to safely navigate through the area.
- Intermittent traffic changes on Fairfield Road between Kadumba Street and Yeronga Street (refer to map above). Fairfield Road will be reduced to one lane in each direction. During these intermittent changes the StationLink bus stops on Fairfield Road will be temporarily relocated near Ovendeane Street. Please observe signage and traffic control to safely navigate through the area.
- Light vehicles, trucks and machinery including excavators with hydraulic hammers, frontend loaders, mobile cranes, vacuum trucks, concrete trucks, small power tools, drills, saws, minor vibrating equipment and mobile lighting towers to light work areas at night
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Some noise, vibration and dust associated with the use of heavy machinery and equipment
- Placement of temporary fencing around construction areas.

We appreciate your patience during construction and will continue to update you as work progresses.
