

# Works Notice

November 2021

## Construction update Yeronga station

During November 2021, UNITY Alliance will continue construction of station platforms and the new pedestrian overpass over the rail corridor.

### Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Saturday, during November 2021, weather and construction conditions permitting:

- Continue utility investigations to prepare for foundation works on the corner of Cowper Street and Fairfield Road for construction of the new lift shaft and pedestrian overpass vertical structures
- Installation of station building and platform services (e.g., electrical)
- Continue piling and retaining wall construction for station platforms
- Continue installation of structural steel and concrete on platforms 1, 2 and 3
- Track and maintenance work between Yeronga and Fairfield stations.

Work is progressing well at Yeronga station with work focused on reopening the station. A separate notification will be distributed prior to the station reopening to train services.

### Out of hours work

The following activities will occur outside the project's normal working hours, as outlined below:

Location	Date and hours of work	Type of work
Fairfield Road, Yeronga	Between 7:00pm and 5:00am intermittently during November 2021	<ul style="list-style-type: none"> <li>• Pile excavation and pile cage installation works on the western side of Fairfield Road</li> <li>• Excavation of pile caps adjacent to rail</li> <li>• Installation of station platform retaining walls.</li> </ul>
Yeronga station	Between 7:00pm and 5:00am intermittently during November 2021	<ul style="list-style-type: none"> <li>• Earthworks and spoil removal within the rail corridor</li> <li>• Moving steel reinforcement, formwork, and conduits within the rail corridor</li> <li>• Concrete pours using a concrete pump.</li> </ul>
Yeronga station and Fairfield Road	Between 2:00am Saturday 13 and 5:00am Monday 15 November 2021	<ul style="list-style-type: none"> <li>• Installation of station platform structural steel, precast concrete panels, and overpass sections using cranes</li> <li>• Installation of electrical and communication services, hoarding, paving and drainage (including earthworks)</li> <li>• Formwork installation and concrete pumping</li> <li>• Further details are provided in the attached separate notification.</li> </ul>
Yeronga station	Between 2:00am Saturday 27 and 2:00am Monday 29 November 2021	<ul style="list-style-type: none"> <li>• Overhead electrical line foundation and mast installation, requiring a single lane closure on Lake Street</li> <li>• Installing structural steel and concrete</li> <li>• Track work and maintenance.</li> </ul>

## Temporary traffic change – Fairfield Road intermittently during November 2021

### What to expect

During these works you may notice some intermittent disruptions such as:

- Intermittent traffic changes on Fairfield Road between Kadumba Street and Yeronga Street (refer to map above). At times Fairfield Road will be reduced to one lane in each direction.
- During these intermittent changes bus stops on Fairfield Road at Yeronga station will be temporarily closed; customers must use the Fairfield Road stops near Ovendeen Street
- Intermittent traffic changes on Lake Street between Killarney Street and Christensen Street.
- Light vehicles, trucks and machinery including excavators with hydraulic hammers, frontend loaders, mobile cranes, vacuum trucks, concrete trucks, concrete pump trucks, small power tools, drills, saws, minor vibrating equipment and mobile lighting towers to light work areas at night
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Some noise, vibration and dust associated with the use of heavy machinery and equipment
- Placement of temporary fencing around construction areas.

**Cross River Rail won't just transform Brisbane, it will transform the way we travel across South East Queensland. But building Cross River Rail means changes to travel and transport services during construction. Plan your journey by downloading the MyTransLink app, visit [translink.com.au](https://translink.com.au) or call 13 12 30.**

We appreciate your patience during construction and will continue to update you as work progresses.
