## Trackside signalling work

Construction work is continuing along the Shorncliffe Line to deliver Brisbane's new railway signalling system as part of the Cross River Rail Project.

### Details of work

During September, construction work will continue in the rail corridor at sites between Northgate and Shorncliffe stations.

Activities along the rail corridor will include surveying, electrical works, cable hauling, minor civil construction works, installation of signalling equipment and equipment testing. Work will also be completed near the radio mast and antenna sites at Sandgate, North Boondall and Nudgee.

Day works are scheduled between **6.00am and 6.00pm, Monday to Friday**. Some activities will be undertaken outside normal construction hours, as per the table below (weather and construction conditions permitting).

## Work locations

### What to expect if you live alongside the rail corridor

Residents along the rail corridor may see and hear dust and noise associated with works (e.g. machinery, light vehicles and work personnel); mobile lighting towers in work areas during night works; and the use of machinery including the use of a vacuum truck, compactor and concrete truck.

### What to expect if you're a rail customer

During September, there will be **car park changes at North Boondall station**. See local signage for details.

Cross River Rail will transform how we travel to, from, and through Brisbane in the future. But building Cross River Rail means changes during construction. Plan your journey by downloading the MyTransLink app, visit [translink.com.au](https://translink.com.au), or call 13 12 30.
