CROSSRIVERRAIL
GOLD COAST STATIONS

Works Notice

February 2023

Pimpama station construction update

ADCO Constructions are continuing with site establishment activities along Kosciuszko Circuit and Gainsborough Drive, along with further early construction work within the rail corridor.

Construction of the new Pimpama station access road and associated drainage are ongoing with excavation and utility relocation works continuing along the Old Pacific Highway between Bedford Road and Mebbin Street.

Major construction – final design and construction

Site establishment – corner of Mebbin Street and Gainsborough Drive, and adjacent to Kosciusko Circuit and Great Sandy Circuit.

Throughout February, site establishment activities will continue. Activities will include:

- Installation of temporary fencing and associated signage.
- Continue with vegetation removal within the work site.
- Constructing a site access and implementing associated traffic and pedestrian changes to enable access to the work area.
- Minor earthworks to level areas for temporary site office buildings and parking.
- Mobilising construction machinery, site office buildings and worker facilities to form a site compound area.

Access to surrounding properties will be maintained during the works.

Rail corridor works – adjacent to Kosciusko Circuit, Great Sandy Circuit and Gainsborough Drive.

Rail corridor works are planned to occur outside the project's normal working hours. These are timed to take place within a planned rail track closure. You may notice workers in the area before and after these works occurring.

Rail corridor works are scheduled for:

- 6pm Saturday 18 February to 6pm Sunday 19 February 2023

Rail corridor work in February will include:

- Vegetation removal
- Inground utility relocations
- Installation of foundations and masts for overhead line electrification
- Bulk earthwork excavation.

Queensland Rail is assisting with enabling works to support the construction of Pimpama station including signalling, overhead line and telecommunication activities.

Early Works – station access road and drainage

Drainage excavation – western side of the Old Pacific Highway between Bedford Road and Mebbin Street.

- Drainage excavation on the western side of the Old Pacific Highway
- Installation of steel reinforcement, concrete placement and culvert installation
- Excavation and installation of new drainage culverts within the station site
- Temporary changes to pedestrian movements around the work site (see map overpage for more information)
- Temporary closure of access into Bedford Road from the Old Pacific Highway (see map below for more information).

Key: Work hours

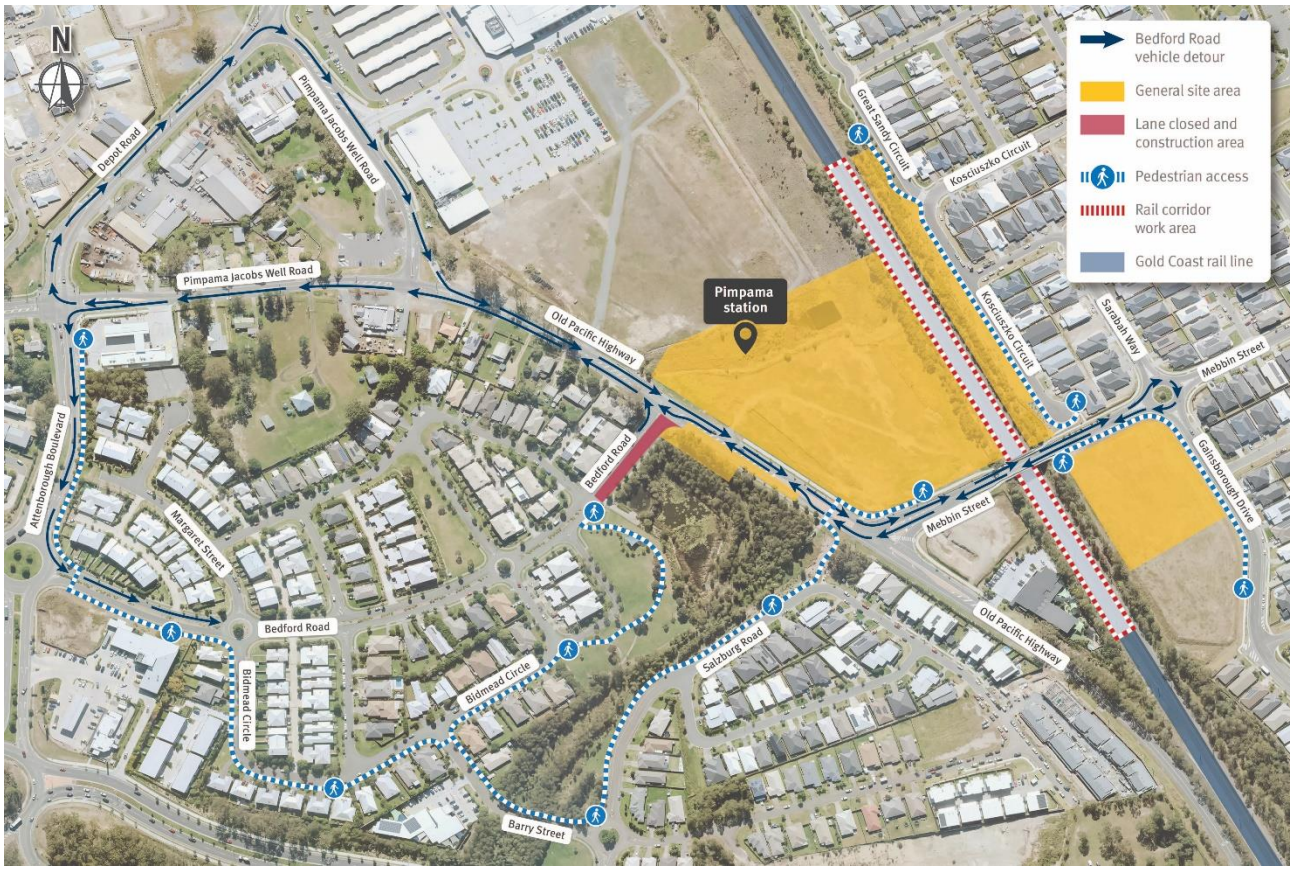
Standard construction hours Works will be undertaken between 6.30am until 6.30pm Monday to Saturday. Truck movements will be reduced during peak hour periods to minimise impacts to motorists.	**24 hours** Rail corridor works are undertaken 24 hours a day, 7 days a week with high impact activities planned between 6.30am to 6.30pm where possible.

What to expect

- Construction activities may generate increased levels of noise, dust and vibration in the area associated with the works being undertaken.
- Lighting will be required during the rail corridor works.
- Increase in workforce and construction vehicle movements around the station site for transport of materials, equipment, and machinery.
- Pedestrian access along Kosciuszko Circuit, Great Sandy Circuit and Gainsborough Drive will be maintained during these works with traffic control in place to assist pedestrians.

For information regarding traffic impacts and pedestrian access, please see the map on the last page.

Work areas and vehicle movements



Changes to the way you travel

These three new stations on the Gold Coast Line will transform the way we travel across South East Queensland. But building them means changes to travel and transport services during construction.

Head to the website to sign up to receive updates and use the TransLink Journey Planner at translink.com.au, call 13 12 30 or download the MyTransLink app to plan your journey in advance.
