July 2023

Construction update Yeerongpilly station

During July 2023, UNITY Alliance will continue early works in the rail corridor at Yeerongpilly station. These works will include site investigations, installation of overhead electrical line foundations and signalling relocation works.

Major construction at Yeerongpilly station is planned to commence in the coming months and detailed information will be provided before work starts.

Out of hours work

The following activities will occur outside the project's normal working hours, as outlined below:

Location	Date and hours of work	Type of work
Yeerongpilly station	Between 12:00am Saturday 1 and 3:00am Monday 3 July 2023	<ul style="list-style-type: none">Excavation (including the use of vacuum trucks) and removal of material for service location, and drainage installationInstallation of overhead electrical line foundations and masts, and under track crossings (conduits) for services (e.g., electrical).
	Between 2:00am Saturday 15 and 3:00am Monday 17 July 2023	<ul style="list-style-type: none">Excavation (including the use of vacuum trucks) and removal of material for service locationCable service relocation including trenching and installationInstallation of overhead electrical line foundations and masts, and under track crossings (conduits) for services (e.g., electrical)Vegetation removal (during day shift) on Wilkie Street (refer to map over page) to prepare for station construction works. Landscaping will be reinstated as part of station accessibility rebuild.

What to expect

During these works you may notice some intermittent disruptions such as:

- Access into the rail corridor will be via the Queensland Rail gates on Wilkie Street, Yeerongpilly
- Light vehicles, trucks and machinery including excavators (with rock hammers), trucks, vacuum truck, concrete trucks, concrete pump truck, loaders, chainsaws, woodchipper, small power tools, and mobile lighting towers to light work areas at night
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Some noise, vibration and dust associated with the use of heavy machinery and equipment.

Cross River Rail won't just transform Brisbane, it will transform the way we travel across South East Queensland. But building Cross River Rail means changes to travel and transport services during construction. Plan your journey by downloading the MyTranslink app, visit translink.com.au or call 13 12 30.

We appreciate your patience during construction and will continue to update you as work progresses.
