

Works Notice

December 2023 – January 2024

Construction update Dutton Park station

During December 2023 and January 2024, UNITY Alliance will continue platform 1 and 2 construction, including installing platform shade canopies, the remaining modules of the new pedestrian overpass and lift structures.

From Tuesday 26 to Sunday 31 December, a full road closure of Noble Street will be required to lift the remaining modules of the new pedestrian overpass into place. Please refer to the back page for further details.

Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Saturday during December 2023 and January 2024, weather and construction conditions permitting:

- Continue construction of a new retaining wall near Cope Street and the Annerley Road and Cornwall Street intersection
- Continue construction of platforms 1 and 2 including the installation of structural steel, precast units and concrete pours
- Construction of a rail corridor maintenance access and noise barrier alterations at Fenton Street, Fairfield
- Continue construction of the new station entrance on Noble Street including earthworks and concrete works
- Continue construction of a retaining walls along Kent Street including shotcrete and piling works.

Out of hours work

The following activities will occur outside the project's normal working hours, weather and construction conditions permitting:

Location	Date and hours of work	Type of work
Sampson Street, Cope Street and Annerley Road	Between 6:30pm and 6:30am throughout December 2023 and January 2024	<ul style="list-style-type: none"> • Out of hours concrete pours for construction of platforms 1 and 2 • Service identification using a vacuum truck around the station precinct • Track work and maintenance.
Rail corridor between Ensign Avenue and Kent Street	<p>Between 12:00am Saturday 9 to 3:00am Monday 11 December 2023</p> <p>Between 2:00am Saturday 23 December 2023 to Friday 19 January 2024</p>	<p>Day shift</p> <ul style="list-style-type: none"> • Piling for retaining wall construction near Kent Street including concrete deliveries and pours • Drainage and earthworks in the rail corridor near Cope Street. <p>Day and night shift</p> <ul style="list-style-type: none"> • Platform 1 and 2 construction and crane lifts, including pre-cast concrete panels and lifting structural steel into place • Installation of overhead electrical structures, signalling equipment, cable routes and pits within the rail corridor • Cable service route installation in proximity to Kent Street, Fenton Street and Ensign Avenue. • Earthworks to support signalling installation and under track crossings • Rail deliveries, track work and maintenance. <p>See traffic changes on map over the page associated with these works.</p>

What to expect

During these works you will notice some disruptions such as:

- Access into the corridor will be via Annerley Road, Cope Street, Fenton Street, Noble Street, Kent Street, Sampson Street, Mildmay Street and Ensign Avenue. Traffic management will be set up to manage an increase in vehicle movements in these areas. Please follow the direction of traffic control and signage and allow for extra time to travel
- Increased noise, vibration and dust associated with the use of heavy machinery and equipment
- Trucks and machinery including concrete trucks and pumps, frontend loaders, excavators with rock breakers, vacuum trucks, piling rig, mobile cranes, small power tools, minor vibrating equipment and mobile lighting towers to light work areas at night.

We appreciate your patience during construction and will continue to update you as work progresses.

Rail corridor access points, work areas and pedestrian detours during December 2023 and January 2024

Noble Street temporary full road closure – crane lifts

6:00pm Tuesday 26 to 6:00am Sunday 31 December 2023

A large crane is required to install the remaining modules of the new pedestrian overpass. Due to the size of the crane, a temporary full closure of Noble Street is required.

Vehicle, pedestrian and cycle access into Noble Street from Annerley Road will be temporarily closed during this period.

Buses will be temporarily diverted around the closure via Fairfield Road and Fenton Street.

This diversion is for buses and rail replacement bus services only.

During this period motorists, pedestrians and cyclists will be required to seek an alternative route.

Some on-street parking will be affected while the temporary bus diversion is in place, please refer to the map for further information.

We appreciate your patience during construction and apologise for any inconvenience.

Advice for local residents

Motorists, pedestrians and cyclists will be required to seek an alternative route.

Please follow the direction of traffic control and signage if travelling through the area.

Fenton Street residents (between Fairfield Road and Noble Street) are required to exit via Noble Street during this period.

On-street parking will not be available in the following areas while the temporary bus diversions are in place:

- Fairfield Road between Stimpson Street and Princess Street, and
- Fenton Street between Fairfield Road and Noble Street.
