

Works Notice

Woolloongabba station - platform 2 access changes

From March 2024, a new temporary footpath will be open between Woolloongabba station platform 2 and Main Street on AFL game days.

Access to platform 1 and Main Street will also continue to be available via the pedestrian overpass which has both lifts and stairs.

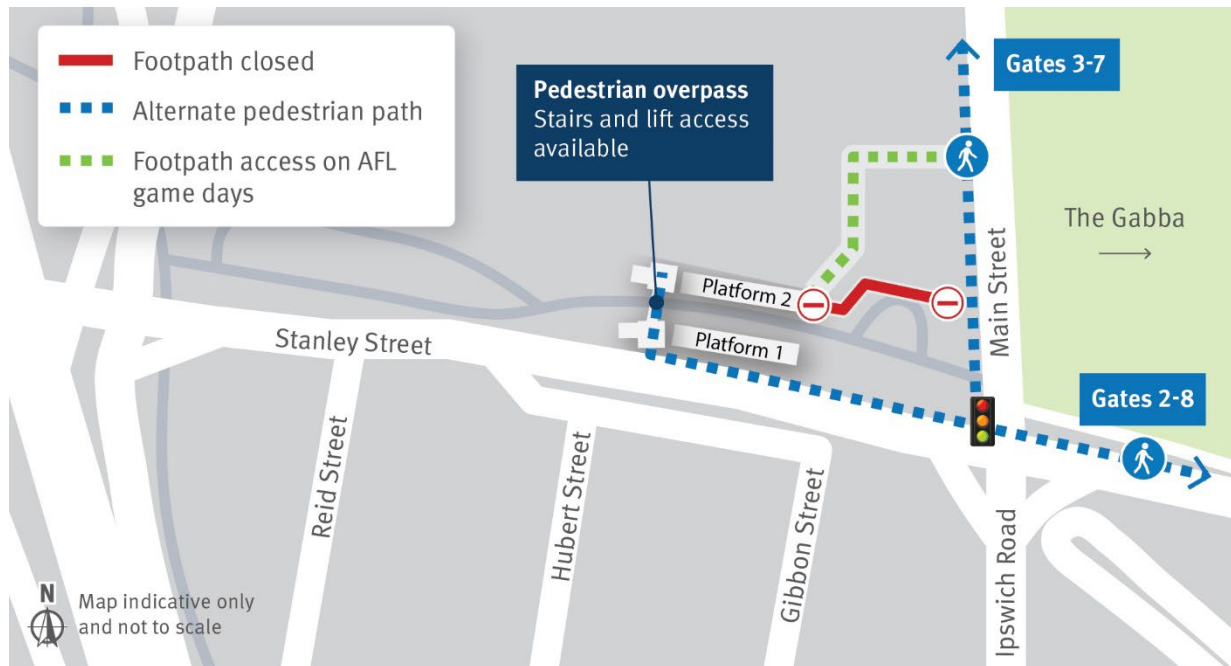

Image 1 – Access changes at Woolloongabba station.

The ongoing closure of the permanent footpath is required to facilitate critical utility works and construction as part of the new underground Woolloongabba station.

We thank you for your ongoing patience whilst we continue to complete this package of work.
