

Works Notice

April – May 2024

Construction update Clapham Yard

In April and May 2024, UNITY Alliance will continue earthworks, drainage, bridge works, track construction, overhead electrical works and the installation of services at Clapham Yard.

Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Sunday in April and May 2024, weather and construction conditions permitting:

- Continuing construction works on the Chale Street and Moolabin Creek bridges
- Continuing installation of drainage, service conduits and pits for electrical, communications and cable routes
- Importing materials, including placement and compaction of gravel
- Continue overhead electrical line footing and mast installation works
- Track construction and maintenance work within the rail corridor.

The following activities will occur outside the project's normal working hours, weather and construction conditions permitting:

| Location | Date and hours of work | Type of work |
|---------------------------------------------|-----------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clapham Yard / Fairfield Road, Yeerongpilly | Between 6:30pm and 6:30am intermittently in April and May 2024 | <ul style="list-style-type: none"> • Public utility service investigations (water and sewer). Traffic control will be in place when required • Delivery of equipment and materials to site including concrete, gravels and building supplies • Muriel Avenue bridge handrail installation • Concrete pours and girder installation for bridge construction • Removal of redundant concrete footings. |
| Clapham Yard | Between 2:00am Friday 29 March and 12:00am Sunday 14 April 2024 | <ul style="list-style-type: none"> • Muriel Avenue bridge handrail installation – lane closures on Muriel Avenue required (see map) • Cable service relocation and under track crossing (conduit) installations near the Muriel Avenue and Moolabin Creek rail bridges • Signalling work including the installation of overhead electrical line masts and foundations. |

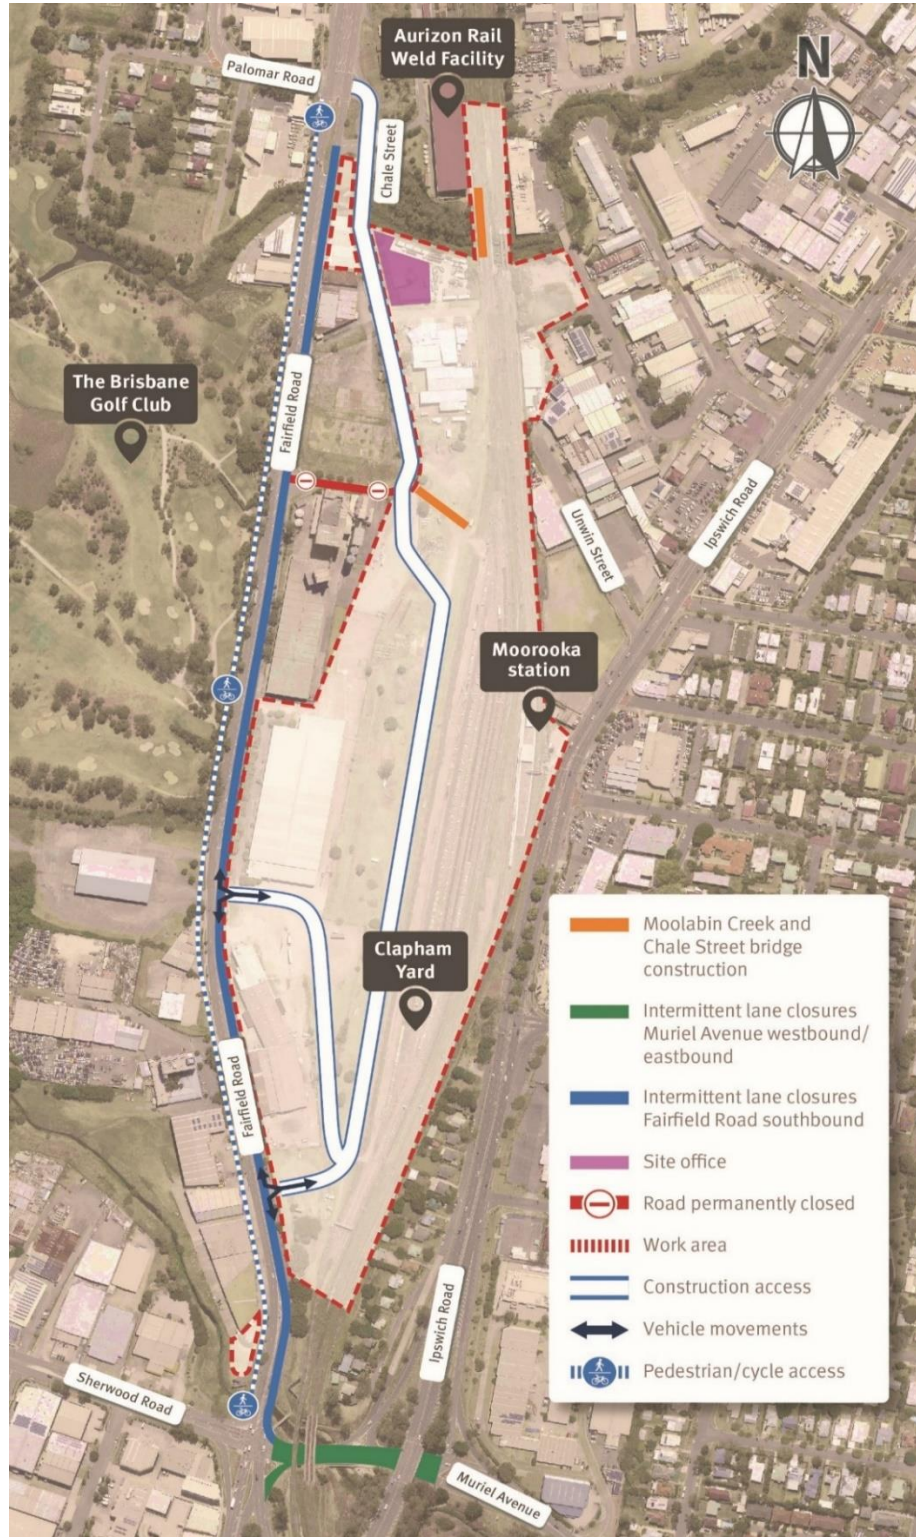

What to expect

During these works you may notice some intermittent disruptions such as:

- Intermittent single lane closures on Fairfield Road (outbound)
- Lane closures on Muriel Avenue with Queensland Police and traffic control to assist. Traffic movements will be maintained in both directions through the work area. Traffic delays are expected. Please allow extra travel time
- Light vehicles, trucks and machinery including excavators with hydraulic hammers, graders, rollers, water carts, front end loaders, mobile cranes, piling rigs, drilling rigs, vacuum excavation trucks, small power tools, drills, saws, minor vibrating equipment and mobile lighting towers to light the work areas at night
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Some noise, vibration and dust associated with the use of heavy machinery and equipment.

We appreciate your patience during construction and will continue to update you as work progresses.

Work locations and intermittent traffic changes April – May 2024

There will be track closures and travel changes on the Gold Coast and Beenleigh lines from Friday 29 March until Sunday 14 April to undertake crucial Cross River Rail works and Queensland Rail maintenance. We encourage you to consider your travel options, plan ahead and allow extra travel time. Please plan your journey in advance by downloading the MyTranslink app, visiting translink.com.au or calling 13 12 30.

Due to the scale of the closure, there will be changes to train times and movements across the network. During this time, some communities may experience an increase in operational noise along the Tennyson line from 29 March to 7 April.
