

Works Notice

November 2025

Temporary road closure - Charlotte and Albert Street intersection

From 6am Saturday 27 December 2025 to 5am Monday 2 February 2026, Charlotte Street will be closed at the intersection of Albert Street to enable road reconstruction activities.

Work details

- Implementing traffic control arrangements and the temporary road closure.
- Removing existing asphalt, kerbs and road base.
- Undertaking utility and signal works for the refurbished intersection.
- Earthworks to level existing road area including the use of vibration rollers.
- Constructing new road pavement and kerbs.

Traffic and pedestrian changes

- Charlotte Street closed to vehicles at the Albert Street intersection. Detours will be in place.
- Loading zones will be relocated or reduced on Charlotte Street between George and Edward streets. Information on access arrangements will be distributed prior to the closure.
- Localised footpath changes and temporary closures on Charlotte and Albert streets with signed detours in place.

Bus stop changes

From **6am Saturday 27 December 2025 to 5am Monday 2 February 2026**, Charlotte Street stop 51 near Albert Street (Stop ID: 000051) and Charlotte Street stop 52 near Edward Street (Stop ID: 000052) will close.

During this time, bus services will be relocated to temporary stop 92 on Mary Street.

Plan your journey at translink.com.au, call **13 12 30** or download the **Translink app**.

Work hours

Work will be undertaken continuously from **6am Saturday 27 December 2025 until 5am Monday 2 February 2026**.

This activity is subject to relevant approvals and suitable weather conditions. If required, this work will be rescheduled to the next available date.

Property access

- Vehicle access to properties on Charlotte Street will be maintained under the direction of traffic control.
- The signalised intersections at George and Edwards Streets will be temporarily changed to facilitate access in and out of Charlotte Street throughout this closure.
- The Uptown car park exit onto Charlotte Street will be closed during this work. Please utilise the exit ramp onto Elizabeth Street.
- Access to local businesses onto Charlotte Street for deliveries and critical use be maintained via George and Edward streets under the direction of traffic control.
- Parking arrangements on Charlotte Street may change. Please follow signage and traffic control.

What to expect

- Increased noise, vibration and dust associated with the use of heavy machinery, road works and equipment.
- Traffic delays. Please plan your journey and allow additional time if travelling through the area.
- Changes to bus stops on Charlotte Street.
- An increase in construction workers and vehicles.

Project information

Every effort will be made to minimise the impact of this work on businesses, residents and commuters. If you have any questions, call **1800 010 875** to speak to a member of the Tunnel and Stations team.

Stay up to date

To subscribe to the Albert Street Station email updates please email crossriverrail@cbgujv.com.au

Out of hours work

Due to the restricted timeframe for the work to occur and related traffic permits, works will be undertaken 24 hours a day, seven days a week including Sundays and public holidays during the closure.

The work will include a variety of plant including but not limited to road saws, excavators, concrete pumps and vacuum trucks. Mitigation will be applied onsite where possible, however an increase in noise during the works is expected throughout the duration of this work, including at night. The program of works from 27 December 2025 to 2 February 2026 will include:

- Site establishment existing street furniture removal
- Demolition of existing surface, kerbing and footpath
- Excavation to road level and installation of new services
- Lighting foundations excavated
- Sub-base road layer installed
- Concrete slab and pavement works for new kerbs, footpath and street furniture.
- Installation of street furniture including lighting
- Installation of vegetation

We thank you for your patience during this important work and encourage you to contact our team with any questions on this work.
